

Acknowledgements

The National PASS Center was initiated in 1997 as a result of the efforts of many individuals interested in the continuation of PASS (Portable Assisted Study Sequence) as a viable credit accrual option to assist migrant youth to successfully complete secondary education. These committed and dedicated advocates on behalf of migrant youth are to be commended for their vision and persistence. Special thanks are in order to the members of the National PASS Coordinating Committee (NPCC) who have provided the direction for the initiatives of the National PASS Center.

The courses developed by the National PASS Center build upon a long history of course development and revision initiated throughout the country by the State Migrant Education PASS Programs. The State of California has been the leader in this effort since the initiation of PASS in 1978. The many past curriculum writers deserve much credit for their work which has assisted thousands of young people obtain a high school diploma.

The development of these courses has been a labor of love for the curriculum development team. Each member contributed significantly. In addition, many others have been involved in the editing, layout and review of the materials. The reviewers, both professionals in the content area and students, have provided valuable input.

Copyrights

The National PASS Center gratefully acknowledges permission granted by authors, publishers and agents to reprint copyrighted material. Every effort has been made to determine copyright ownership. If omissions have been made, suitable acknowledgements will be made in future printings.
