### Reading assignment

Continue being an active reader. Read the next section of your novel. In this section the author is going to start moving the story toward its conclusion.

**Continue adding to the list of words you want to add to your vocabulary.**

From your novel or other reading you are doing, list at least five words you have chosen to add to your vocabulary along with the phrase or sentence where you found it. Check their meanings in a dictionary; then write a sentence using each word. Add these words to the list in your Journal, see how many you can start to actively use, and make yourself more aware of ones you hear being used.
